1 PLEASE READ IMPORTANT INFORMATION

To transfer directly from another Traditional IRA custodian, or to request a direct rollover from your qualified plan, a Section 403(b) annuity or a Section 457 plan, please complete this form, including providing your current custodian's contact information in Step 4. Once we've received the completed form from you, we will contact your current custodian and initiate this transfer for you. We will notify you when the transfer has been processed and the transfer has been invested in Northern Funds.

Please call your current custodian to verify their contact information, as well as any redemption requirements, such as a signature guarantee. Also, check how often funds are distributed. Current custodians may require the completion of additional paperwork. If all required documents are not included with this form, your transfer may be delayed. If possible, also include with this form a copy of your most recent statement from your current custodian. Also, check with your current custodian how often Funds are distributed.

If you are transferring from a brokerage account, please contact your broker/dealer. They may require that you contact them directly to authorize the sale of securities and/or mutual funds held in your account before they will enact the transfer. Failure to contact your broker/dealer may result in a delay of your transfer.

Transferring assets can generally take four to eight weeks to complete. Reduce delays by ensuring that all required forms are completed accurately and any additional paperwork is included.
